

Business Insights Report

Business Insights from the Exploratory Data Analysis

1. **Top Product Performance:**

- The "ActiveWear Smartwatch" is the top-performing product, contributing significantly to total sales revenue. This indicates a high customer demand for tech-focused and lifestyle-enhancing products.

2. **Regional Transaction Distribution:**

- South America leads in transaction count, followed by North America. Targeting South America with region-specific promotions could further enhance sales.

3. **Monthly Sales Trends:**

- Sales peak in January and remain high during mid-year months (July and August), suggesting seasonal demand patterns. This insight can guide inventory planning and marketing campaigns.

4. **Category Preference:**

- Products in the "ActiveWear" and "TechPro" categories are among the most purchased, indicating a customer preference for fitness and tech products.

5. **Low-performing Regions:**

- Asia and Europe have lower transaction counts compared to South America.
